PROFESSIONAL SUMMARY

Full Stack Developer skilled in building scalable web applications using React, Node.js, and PostgreSQL. Hands-on experience in developing responsive UIs, RESTful APIs, and maintaining clean, secure backend code. Eager to contribute to collaborative, Agile-driven development teams.

WORK EXPERIENCE

Zeksta Technology Pvt. Ltd., Bengaluru

Software Developer   March 2025 - Present

- Developed responsive web applications usingReact.js and Tailwind CSS, ensuring optimal user experience across desktop and mobile devices.
- Designed and implemented RESTful APIs with Node.js and Express.js for data-driven features and seamless client-server communication.
- Integrated and maintained PostgreSQL databases, writing efficient SQL queries and optimizing database performance.
- Built modular and reusable UI components, improving frontend scalability and development speed.
- Leveraged Git and GitHub for version control and code collaboration; actively participated in code reviews to maintain code quality.
- Contributed to the design and development of internal dashboards and user-facing modules with clean, modern UI.
- Participated in code reviews, daily stand-ups, and collaborative debugging sessions to ensure code quality and timely delivery.

EDUCATION

UBDT College of Engineering, Davanagere

Bachelor of Engineering - 7.63 CGPA   August 2019 - May 2023

PROJECTS

VillagePe Pro (Team Project) ↗   March 2025 - Present
- Collaborated with a team of developers to build a full-stack web application focused on digital service delivery in rural areas.
- Contributed to the frontend development using React and Tailwind CSS, ensuring responsive design and a smooth user experience.
- Used GitHub for version control and Trello for task tracking in an Agile workflow.

Neuva Life Sciences (Team Project) ↗   June 2025 - July 2025
- Contributed to the creation of engaging content for baby skincare product pages, including blog posts, product features, and the "Gorgeous Skin Gallery."
- Helped craft messaging aligned with the company's focus on natural and organic ingredients and safe, effective baby skincare.
- Assisted with the setup of marketing touchpoints like newsletter sign-ups and promotional offers to improve user engagement.

SKILLS

- **Languages & Frameworks:** Core Java, JavaScript, Node.js, Express.js, React.js, Tailwind CSS
- **DocuSign:** Basic experience with API authentication and simulated workflows.
- **Databases:** PostgreSQL, SQL Server, MongoDB
- **Tools & Platforms:** Git, GitHub, GitHub Actions (CI/CD), IntelliJ IDEA, VS Code, Postman, Trello
- **Concepts:** RESTful APIs, API Debugging, Authentication (JWT, OAuth basics), DocuSign API (learning)
- **Operating Systems:** Unix/Linux (basic CLI usage)
- **Other Skills:** Troubleshooting, System Monitoring (basics), Code Reviews, Debugging Backend Issues
